Our super sacks are heavy gauge polypropylene Flexible Intermediate Bulk Containers (FIBC), incorporated with UVA and UVB fabric protection. They are weather resistant and labelled on three sides for easy identification.

Internal Baffles ensure the bag stays square making it easy to handle and store. A top cover protects the bag from the elements as well as potential damage due to stacking.

NOT RECOMMENDED FOR OUTSIDE STORAGE

Available for the following Thermax® grades:
N990
N990UP Ultra Pure
N907 Stainless

Full 20’ ocean container = 20 pallets = 20,000 kgs
Full truckload = 19 pallets = 41,895 lbs
