

50lb Thermax Powder Paper Bags

Pallet Length	Pallet Width	Pallet Height
50"	45"	53"

Our 50lb paper bags are block-end constructed of two-ply kraft paper.

All of our paper bags are equipped with a sealing tube at the spout to prevent leakage and are marked with our trade name, product grade, weight, lot number and product WHMIS/HMIS ratings.

40 bags (2,000lb) are stacked on a 4-way pallet with protective cardboard between the pallet and bags as well as on top of the bags. The entire load is then wrapped with a one-piece protective 5 mil polyethylene stretch hood making it completely weather-proof and able to be stored outdoors.

Available for the following Thermax grades: N991, N991UP, N908, N908UP

Full truckload = 21 pallets = 42,000lb
